PRODUCT DESCRIPTION

Pukka Tubbe is a filled tubular ribbon yarn made from 100% polyester, featuring a soft knitted outer tube filled with lightweight fiber. This construction creates a thick, cushioned yarn that is both flexible and easy to work with. Thanks to its rounded tubular structure, Tubbe produces smooth, well-defined stitches that give projects a modern and structured appearance. The yarn works up quickly and offers excellent stability, making it particularly suitable for crochet designs. Pukka Tubbe has become a popular choice for amigurumi toys, as its soft yet firm body helps create beautifully shaped figures while maintaining a pleasant handmade texture. It is also perfect for accessories, bags and decorative pieces.
